## KNIGHTS OF COLUMBUS TO HONOR SOLDIER MEMBERS

Patriotic Demonstration at St. Patrick's Church on Next Sunday Morning is Being Planned by Knights.

The local order Knights of Columbus are planning a patriotic demonstration at St. Patrick's church on next Sunday in honor of six of their members who will leave next week for Fort Thomas to enter the military service of their country.

It is planned to have a prominent speaker and likely Hon. Ed J. McHenry, of Louisville, former Lieutenant Governor of the state, will be induced to come to Maysville for the celebration.

There will be other important features to the program and a committee is now making final arrangements which will be announced to the public just as soon as completed.

This organization has given several of their members to the army and navy and although this demonstration will be especially in honor of the six men leaving next week, the men who have come on before will also be honored at the meeting.

Full particulars will be made public just as soon as possible and the public will be invited to attend the demonstration.

## MEN HAVE PLENTY OF TIME TO PREPARE

The seventy-four Mason county men who were yesterday mailed their notices to entrain on July 18th for Fort Thomas have plenty of time to get ready for their trip before being inducted into service. The most of the men received their notices yesterday and arrangements were immediately begun for entering the service. Several of the young men came to Maysville yesterday to arrange their business here.

## S. S. CONVENTION

The annual convention of the Mason County Sunday School Association will be held at Beechwood Park July 16. Every school in the county is urged to send delegates. The morning session will open at 10 o'clock. Owing to the many demands made on housekeepers at this time and the necessity of conforming to war restrictions we are asking every one to bring their own lunch.

## CITY HEALTH BOARD MAKES NEW ORDERS

Food Products on Display Must Be Screened; Children With Whooping Cough Must Be Kept at Home.

At a meeting of the City Board of Health yesterday the following orders were passed and ordered published.

That the custom of displaying raw food products in front of stores, unless screened, be discontinued, the same to go into effect at once.

That all parents and guardians of children having the whooping cough, be required to keep such children off the streets, street cars and from the picture shows, Sunday schools and other places of public gathering. Failure to comply with this order will necessitate a quarantine during the period of the disease.

That all persons maintaining open privies or vaults where access to sewers is possible be required to remove such open privies and vaults at once and install flush closets instead.

All persons who come under these orders are requested to comply without further notice or action from the board.

FRANK H. CLARK, President.  
J. S. LORKE, Health Officer.

## OFFICERS INSTALLED

Pleasant Encampment No. 3 I. O. O. F. last night installed the following newly elected officers:

C. P.—Simon Nelson.  
S. W.—H. L. Walsh.  
H. P.—George H. Frank.  
J. W.—George W. Crowell.  
Treasurer—James Childs.  
Scribe—John W. Thompson.  
I. S.—Gordon Sulser.  
O. S.—Charles Wright.

## ORANGEBURG HOLDING UP COUNTY REPORT

Because Oranburg precinct has not reported its total W. S. S. sales, the county committee cannot make an official report of the county's total sales. It is expected, however, that Oranburg will be in with its report in the next few days and as soon as this precinct is in the county committee will announce their sales by precincts and the official total for the county.

## FRENCH STRIKE HARD BLOW AT ENEMY FORCES

Advance Made Over Two Mile Front and Several Hundred German Prisoners Are Taken in Action Near Solosons.

Paris, July 8.—The French have once more attacked the enemy south-west of Solosons, launching their blow from the eastern side of the Metz forest, north of Longport, the French have advanced over a front of approximately two miles, taking Chavigny farm and the slopes to the north and south of it. Several hundred prisoners were captured by French in their sudden attack.

The text of tonight's official statement reads:

"South of the Aisne our troops this morning attacked enemy positions in the outskirts of Metz forest in the region northwest of Longport. On a front of about three kilometers, we advanced 1200 metres, occupying Chavigny farm and the ridges north and south of that farm. The imprisoned prisoners counted up to the present number 347, including four officers.

"Aviation—On July 6 and 7 fourteen enemy airplanes were brought down or put out of action and two captive balloons were set afire. Our bombing machines dropped 28 tons of projectiles in the course of their expeditions at night in the neighborhood of Plismen, Hiron, Ferre En Tardenois and Amagne Lucy.

"Eastern Theatre, July 7.—There was artillery activity on the Dolmar-Struma front. Patrol encounters took place on the front of the Serbian army and in the Monastir sector. In Albania our troops have maintained the positions occupied yesterday on Balina crest, having repulsed a violent counter attack during the night.

This assault may be linked up closely with the recent offensive operations at St. Pierre Aigle and gives the French a new front line from Longport north as far as the southern limits of Ambieny, a distance of almost eight miles. Austrian troops holding positions astride the Somme river east of Amiens and north of Hamel have swept the Germans back over a front of more than a mile and straightened out an awkward angle held by the Germans since the Austrians and Americans carried their lines forward in their spirited attack July 4.

Berlin mentions local attacks in the Elchon sector, which is held by Americans, and between the Marne and Rheims.

Italian forces operating on the extreme left wing of the Allied line in Albania, have struck hard at Austrian positions along the Voyusa (Vogusta) river which flows into the Adriatic about twenty miles north of the town of Avlona, one of the most important places in southern Albania. Vienna admits that the Austrian advanced posts have been withdrawn to their main positions. This report from Austrian headquarters probably refers to the action mentioned in the French official statement on Sunday night. It was said by the War Office at Paris that the French and Italian forces had seized heights in western Albania and had held them against counter attacks.

## HEFLIN SUPERINTENDENT OF WATER COMPANY

Mr. Coleman B. Hefflin, who has been foreman of the working crew at the Maysville Water Works, has been temporarily made superintendent of the Maysville Water Company to take the place of August Schaeffer, who left the city rather suddenly last week. Mr. Hefflin understands the water works and system well and the city feels certain that the water supply will not be interrupted.

## NOTICE OFFICERS OF ELECTION

All election officers having keys to ballot boxes are requested to return them to the County Clerk's office as soon as possible.

JAMES OWENS, County Clerk.

## LADIES' AID SOCIETY

The Ladies' Aid Society of the Third Street M. E. Church will meet Wednesday at 2:30 p. m. at the church. All members urged to be present.

## BABY MCCARTHY

Mr. and Mrs. John McCarthy, of Second and Commerce streets, are the proud parents of a fine baby girl.

Squire Fred Dresel was acting County Judge yesterday during the absence of County Judge H. P. Parrell from the city.

Mrs. Lottie Naden, of Cincinnati, who was called here by the death of her sister, Mrs. John T. Newman, returned yesterday to her home.

## DRY MEASURE IS SENT TO SENATE FOR ITS ACTION

Practically Absolute Prohibition During War Is Provided in Measure Reported—Would Stop all Sales After January 1.

Washington, July 8.—Legislation providing for practically absolute prohibition during the war was reported to the senate today after the agricultural committee had agreed to drastic changes in the Norris amendment to the \$11,000,000 emergency agricultural appropriation bill by which the sale of distilled spirits, beer and wine, except for export, would be prohibited after next January 1, and the manufacture of beer and wine stopped after November 1.

Consideration of the unopposed committee amendments to the emergency measure which began last Saturday night was resumed today and dry leaders hoped to reach the prohibition amendment, but prolonged consideration of the telegraph-telephone resolution prevented. Prohibition leaders hope this section will be taken up tomorrow and are confident of victory on the final roll call. Strong opposition is expected in view of the opposition by officials to taking beer away from shipyard workmen.

As originally proposed the Norris amendment would have prohibited the sale of distilled liquors and the manufacture of wine except for export after next June 30, and the manufacture of beer three months after the agricultural bill became a law. The sale of wine, however, would not have been stopped.

Under the amendment as reported today the removal of distilled spirits held in bond would be prohibited after January 1, except under regulations prescribed by the commissioner of internal revenue with the approval of the secretary of the treasury. The bill would also prescribe regulations for the sale of wine for sacramental, medical or other non-beverage purposes.

## WITNESSES BUSY IN HARVEST

The cases of D. H. Meyers and John S. Oring in Federal court have been continued until August 5th and will be tried at a special term of the Federal Court at Covington to give certain important witnesses in the cases an opportunity to thresh out their wheat. Several of the witnesses will be busy during the next two weeks in the harvest and for this reason the cases were continued.

## OFF FOR THE BEAN PATCH

Major John Walsh and Prof. W. J. Caplinger leave this morning for Lewis county where they have a good sized bean crop planted and quite a few potatoes. These gentlemen have a good sized plot of ground near Ruggles' Camp Grounds under cultivation and last year they grew several bushels of beans and quite a few potatoes and tomatoes.

## FIRST WHEAT

The first wheat of the season was delivered yesterday by former County Judge W. H. Rice to J. C. Everett & Co. and brought \$2.10 per bushel. The wheat graded as No. 2.

## PIT IN CLASS ONE

James Glenn has been reclassified by the local board for Mason county and has been put in Class One to be sent on July 18th to Fort Thomas with an increment of Mason county men.

## LOCAL BOARD TO CLASSIFY MEN AT ONCE

Men Registering Last Month Will Be Classified This Week—Examination to Be Made Before Close of the Month.

The Mason County Exemption Board will begin the classification of the men registering on June 5th last sometime this week so as to be ready for the expected call from the state adjutant to begin the physical examination of all men just registered.

The local board expects that they will be able to classify all of the men registering in one day and it will take them but a couple or three days to give all of the men their physical examination.

It is thought that the great majority of the men to be classified will be put in Class I for only a small part of the men have any dependents at all and only a very few of them are married. The great majority of the men are stalwart youths who will pass the physical examination and the members of the local board expect very few to be rejected as physically unfit.

Indications are that men registering under this latest law will be called into service during the month of August and therefore all classification and examination but be out of the way before the close of the present month.

The district medical board with headquarters here is also expecting early orders from the state adjutant to get ready for the examination of all appeal cases sent to them by the local boards in the counties comprising this district. They are not anticipating any great amount of work and expect to finish their task in a very short time.

## LOCAL PASTOR HELPS IN HARVEST FIELD

Rev. Ruggles, pastor of the Forest Avenue M. E. Church, left yesterday for Poplar Plains, Lewis county, where he will spend the week helping his brother in the harvest field. Rev. Ruggles spent the greater part of last week in the harvest field and says that he is glad to have this part in helping save the food crop. He reports crops in Lewis county in very good condition.

Manford Tolle has returned to his home here after spending a week in the country with relatives and friends.

## TRY OUR BED BUG KILLER

ALSO FOR ROACHES AND ANTS 25c BIG BOTTLE.  
LYSOL KRESNO AND CREOLIN, THE BEST DISINFECTANT AND DEODORANT. ALL SIZES.

M. F. Williams Drug Company  
THIRD STREET DRUG STORE

## ALL USING CITY DUMP

The people are becoming accustomed to the use of the city dump on Bridge street and all other dumps heretofore used are now abandoned while the city property is now well covered with rubbish. It is expected that in a very short time this property will be filled up and will become very valuable.

## CHOSEN SECRETARY OF TRAXEL-GLASCOCK CO.

Mr. J. C. Rains has been chosen Secretary of the Traxel-Glascock Company. A better selection could not have been made. Mr. Rains is fully qualified in every respect for this important position.

## SECRETARY DODDS DESERVES CREDIT

Secretary Carl Dodds, of the Maysville Chamber of Commerce, deserves no little credit for the wonderful success of the Maysville Chantauqua. Mr. Dodds went into the thing with the same enthusiasm he carries into any undertaking and spent the most of last week on the Chantauqua. Through the persistent efforts of Secretary Dodds, Chairman A. L. Merz and the members of his committee, the project which at first looked like a financial failure was brought through to a success and it is understood that there was a neat little sum left in the treasury after all expenses had been paid.

# Economize!

On everything and save every cent you can. This is no time for waste or extravagance. The Government will continue to need your financial assistance. Be prepared to do your full part as long as the war lasts. Don't waste anything and you won't have to be a "slacker" when the calls come.

If you need our assistance, come in and get it.  
We are anxious to serve everybody  
that is helping the Government.

FIRST-STANDARD BANK & TRUST CO.

## A NEW CAMPAIGN

This is a day of campaigns, drives, etc. Recently we have had Liberty Loan drives, Red Cross campaigns, W. S. S. sales, and so on.

Having become accustomed to these calls upon our patriotism and sense of personal obligations, the end of the first half of the year should find us in a pretty good frame of mind for a Pay-Your-Bills campaign.

There are still a good many business houses and professional men who extended credit for six months to approved customers. Some of these accounts, for different reasons, may go over for twelve months.

In all cases the business man needs the money, and during these times he needs it more than ever.

One person may think that his own indebtedness is of small consequence, especially where the amount involved is not large. But if a large number of men or families think that way, the sum thus kept out of circulation becomes very considerable.

Another thing to remember is that a dollar started out July 1, or January 1, on its debt paying journey settles many accounts before it stops. The merchant cannot pay the jobber unless the customer pays the merchant. The jobber cannot square himself with the wholesaler until the merchant settles with the jobber, and so the process goes.

Hundreds of business men who extend credit to customers are compelled to carry notes at the bank until day-afternoon. This costs them money in the form of interest and if they are unable to meet their obligations when their notes fall due their credit is injured.

Hence let us be fair. Let us start out today on our rounds and inaugurate a "Pay-Your-Bills" campaign. We will feel better ourselves and it will help to keep the wheels moving in all directions.

The fact is that every Maysville business man has been hit "hard" in the recent campaigns to help the war and now is the time for the customers of these business houses who owe a small bill to go and pay up, so the merchants' life will be made easier. As everyone knows it is no joke to run a business in war times. We know the people are having it hard too, but the merchants are having just as hard and if they cannot collect their outstanding money they are sure to have a much harder time.

## THE DAILY GERMAN LIE

A group of anti-English lies is reported from Boston, Massachusetts, to the effect that England has more soldiers in Ireland than in France; that England has used colonial troops exclusively; that England is using our wheat to make whiskey; and that England allows only 58 words at a time to come to this country by cable.

Observe the convincing exactness of the number 58. Such careful details are characteristic of the pro-German liar. He does it scientifically even when he is most absurd. The English censorship puts no limit on the length of cable messages to this country.

The English are not using our wheat to make whiskey. For more than a year past, no whiskey has been distilled in Great Britain. The production of beer has been reduced to one-quarter of what it was before the war and under recent orders from the Food Controller the alcoholic strength of this beer has been reduced to 2 per cent. Non-intoxicating beverages are allowed to contain one per cent. of alcohol. No unmalted barley is now in the hands of the English brewers or malsters. Their whole stock of unmalted grain was requisitioned for food-stuffs last February.

Of all the men serving in the British army and navy, of India, Africa, etc., 70 per cent. have been English and Welsh, 8 per cent. Scotch, 6 per cent. Irish and 16 per cent. Canadian, Australian, etc. Among these troops, the casualties have been 76 per cent. English and Welsh, 10 per cent. Scotch, 6 per cent. Irish, and 8 per cent. Canadian, Australian, etc. The Englishman, therefore, has not only done nearly three-fourths of the fighting for Great Britain, but he has done more than three-quarters of the dying.

The disposition of the British forces is a secret, but there have been 7,500,000 of them in service since the war began, and of this number probably half have been in France. If there have been more than that in Ireland, the British troops there have almost equalled in number the entire population of the island, counting men, women and children. This sounds like rank flattery, from a German agent, to the well-known fighting spirit of the Irish people.

All such anti-English stories are a part of the campaign of the Kaiserites in America to make us suspect our British Allies. There is not a word of truth in them.

## GLORY ENOUGH FOR ALL

"I have lived both in Germany and the United States and I believe that America alone could beat the Germans." Lord Northcliffe thus informs the Petit Parisien; and his flattering words will be appreciated over here. But we hope that it will never fall to the United States to have to beat the Germans without assistance. Our Allies who have thus far kept up the warfare against the Hun are not yet bled white and they will hold the line till we can adequately reinforce them; and then, all together, the Allied armies will cross the Rhine. That we shall make the largest contribution to the final campaigns of the war is undoubted. That we shall be entitled to the credit of having produced victory will be the verdict of history. But there will be glory enough for all; and luckily Lord Northcliffe's belief will not have to be put to the test.

ALL DEALERS  
IN EGGS MUST  
GET LICENSE

Food Administration Says That Even Hocksters and Storekeepers Handling Eggs in Case Lots Must Have License.

State Food Administrator Fred M. Sackett Saturday issued the following general bulletin on the licensing of egg and poultry dealers:

I quote below from Bulletin No. 1023 issued at Washington. This bulletin is official. It means that all persons, including hocksters, storekeepers, produce buyers, car-lot dealers, and retailers who ship eggs in case lots, etc., must have a license to buy and sell poultry and eggs, regardless of the amounts of the business done. This license is secured by application to the License Division, Food Administration, Washington, D. C.

The only exception to the requirement for license is the farmer and the retailer who sells to no one else but an actual consumer.

"The President's Proclamation of May 14th, requiring the licensing of those engaged in certain lines of business including operators of poultry and egg packing plants not already licensed by the United States Food Administration," has been misunderstood by some of those affected.

Under this classification, anyone who sells poultry and eggs in any other way than at retail to the consumer, regardless of the amount of business done, must be licensed.

There are many country storekeepers whose business is mostly retail selling, but who buy eggs, and sometimes poultry from the farmers. They have never considered themselves as operators of poultry and egg packing plants, but in reality that is what they are. The fact that they are in retail business on too small a scale to require a retailer's license does not alter the case. In order to comply with the law they must all fill out blanks obtained from the United States Food Administration and have license issued.

There has been a misunderstanding due to the form of certain letters sent out in reply to application for license which stated that retail dealers did not require a food license unless they did a business of one hundred thousand dollars. That referred to the general food license, and did not refer to the license to sell poultry and eggs. The persons listed above to wit: Hocksters, storekeepers, produce buyers, car-lot dealers, and retailers who ship eggs to other dealers, are considered to be wholesalers, and do not come under the hundred-thousand-dollar classification.

I hope you will see to it that this rule is faithfully carried out. Report each violation to me at once, giving me the facts, with names and addresses.

Yours very truly,  
FRED M. SACKETT,  
Federal Food Administrator for Kentucky.

By ALLEN R. CARTER,  
Chairman Poultry and Egg Division.

WHOOPIING-COUGH SHOULD  
BE GUARDED AGAINST

Board of Health Should Prevent Children With Disease From Attending Public Gatherings to Prevent Epidemics.

The Lexington Board of Health has decided that the parents of children who have whooping cough or suspicious coughs of any kind should be warned to keep their children within their own yards and thus prevent any epidemic of whooping cough in the city.

It might be well for the Maysville Board of Health to take some such action for it is reported that there are many cases of whooping cough in Maysville and yet the parents of children with this disease permit them to go to public gatherings and wherever they will. At the Chautauqua last week most every evening there were many children with the whooping cough while at Sunday Schools and churches the parents allow their children as if they were hearty and well.

Prompt action by the local Board of Health may prevent an epidemic here.

Health authorities say that their inability to handle the situation is due to the fact that some parents do not have physicians for their children when they have whooping cough and therefore the cases are not reported to the health officer. Every parent who finds their child with a suspicious cough should have them examined immediately by a physician.

A county that has a good county road engineer will have good roads, but pity is expressed for a county that is burdened with an inefficient road engineer.

COAL PRICES HAVE  
BEEN GRADED ON SCALE

Mine Run Baskets Will Not Be Allowed Where Meshes Are Less Than Six Inches.

Wiley B. Brynn, Federal Fuel Administrator for Kentucky has announced that operators will not be permitted to charge the prevailing mine run price on coal which passes over a screening less than six inches.

For coal the largest lumps of which will pass through a five-inch screen the operator must make a reduction from the mine run price on coal which passes over a screening less than six inches.

For coal the largest lumps of which will pass through a five-inch screen the operator must make a reduction from the mine run price, the reduction averaging 1 1/2 cents per ton. The reduction on coal which passes through a four-inch screen will be 6 1/2 cents per ton; three-inch screen, 6 1/2 cents per ton, and two-inch screen 15 cents, the reductions being based on the differential of 25 cents between the price allowed on mine run and that allowed on screenings.

The following graduated scale for screened coal is now effective:

Mine run which has passed through no larger than a two-inch screen, 40 per cent. of present differential of 25 cents between the price on mine run and screenings.

Mine run which has passed through no larger than a three-inch screen, 75 per cent. of present differential of 25 cents between the price on mine run and screenings.

Mine run which has passed through no larger than a four-inch screen, 90 per cent. of present differential of 25 cents between the price on mine run and screenings.

Mine run which has passed through no larger than a five-inch screen, 95 per cent. of present differential of 25 cents between the price on mine run and screenings.

Mine run which has passed through a six-inch screen or larger, current mine run prices.

"It has been the custom of some coal operators to apply the straight mine run price, regardless of the size of the screens over which the coal has passed, and it is believed that the establishment of prices on this basis will have a tendency to stop such practice," said Mr. Brynn.

RHODE ISLAND RED EGGS  
HAVE HATCHED WELL

Fully Two Hundred Chicks Are Reported Over the County From Fall Hatched Eggs Distributed This Spring.

Reports reaching the officials of the Mason County Poultry Association are to the effect that fully two thousand and full blooded Rhode Island Red chicks have been hatched from the eggs which were distributed in all parts of the county by the Association at cost in the very early spring.

The hatch is considered good and the chicks are said to be fine ones. From these chicks it is hoped to establish a breed of chickens that will become general over the whole of the county and Mason county will gain a reputation as being one of the best Rhode Island Red counties in the state. Eggs from these full bred chickens will next year be sold by the Association to others that they too may become breeders of full stock fowls and it may also become necessary to import quite a number of eggs from other nearby counties.

The interest taken by the members of the Poultry Association has greatly benefited the county and will no doubt make of Mason county a famous poultry raising county.

And You are only asked  
to save and not waste food

## CONSTIPATION

And Sour Stomach Caused by Lady Much Suffering. By Draught Relieved.

Meadowville, Ky.—Mrs. Pearl Patrick, of this place, writes: "I was very constipated. I had sour stomach and was so uncomfortable. I went to the doctor. He gave me some pills. They weakened me and seemed to tear up my digestion. They would gripe me and afterwards it seemed I was more constipated than before."

I heard of Black-Draught and decided to try it. I found it just what I needed. It was an easy laxative, and not bad to swallow. My digestion soon improved. I got well of the sour stomach, my bowels soon seemed normal, no more griping, and I would take a dose now and then, and was in good shape."

I cannot say too much for Black-Draught for it is the finest laxative one can use."

Theodore's Black-Draught has for many years been found of great value in the treatment of stomach, liver and bowel troubles. Easy to take, gentle and reliable in its action, leaving no bad after-effects. It has won the praises of thousands of people who have used it.

CONTRACT FOR TALENT  
SIGNED NEXT WINTER

Guarantors of the Maysville Chautauqua Will Not Sign Contract For 1919 Talent Until This Winter When Programs Are Arranged.

The gentlemen who this season guaranteed the Maysville Chautauqua are again willing to guarantee the Chautauqua for the season of 1919 in view of the fact that the people have demonstrated that they want the Chautauqua to return but they have decided to put off signing a contract with any talent managing company for several months or until next year's programs have been arranged.

The guarantors have decided that they will not sign a contract for the 1919 Chautauqua until some time in the winter, probably in the month of February by which time all of the Chautauqua circuits will be arranged and when the Chautauqua producing companies can show what sort of a program they will offer for the season.

The people have been very much pleased with the program given by the Colt-Alber Chautauqua Company and they were also pleased with their equipment and crew of young men and every advantage will likely be given them by the guarantors.

## MRS. MALONE AND THE PENSON

When Mrs. Malone got a letter from Pat, she started to read it aloud in her lit. "Dear Mary," it started, "I can't tell you much. I'm somewhere in France, and I'm fighting the Dutch. I'm chokin' with news that I'd like to relate. But it's little a soldier's permitted to state. Do ye mind Red McPhee—well, he fell in a ditch. An' busted an arm, but I can't tell ye which. An' Paddy O'Hara was caught in a flame. An' rescued by—Faith, I can't tell ye his name. Last night I woke up wld n terrible pain, I thought for awhile it would drive me insane. Oh, the sufferin' I had was most dreadful I bear! I'm sorry, my dear, but I can't tell ye where."

\*\*\*\*\*  
DIAZ—THE MAN OF THE HOUR  
\*\*\*\*\*  
By R. E. Remond.

Though the whole world is ringing with the name of General Armando Diaz creator of the greatest victory his people have celebrated since they were knit together in a modern nation, he is one of the least known men in Italy. Too short a time in supreme command of the army to have gathered about him the tradition of anecdote woven around most successful generals, his own reticence and modesty have kept him somewhat out of the public eye.

Yet this personal characteristics are clearly illustrated in the battle which has just been fought. More than anything else it seemed to be the almost instant reaction of the Italians, their extraordinary promptness to attack from defensive positions, which disorganized the Austrian invasion, piled it up like a railroad wreck in the mountains and left it stranded on the banks of the Piave at Montello. This "certain suddenness" is General Diaz to a "T". More over the readiness of the Italians was obviously of improvisation. It was built upon careful, scientific preparation against any eventuality. That also is the way General Diaz works—secretly and thoroughly.

In last year's disaster at Caporetto, which cost Italy nearly all the gains she had won in the war and much of her own territory, it was said to have been central Italian troops and largely Neapolitans who succumbed to enemy propaganda and broke before the German attack. Yet General Diaz is a Neapolitan born under the shadow of Vesuvius fifty-six years ago. If Naples felt a special concern for the catastrophe at Caporetto she also has cause for special rejoicing over the victory on the Piave.

**Of Spanish Extraction**  
General Diaz comes of a noble family. As the name suggests it is of Spanish origin and the Italian branch doubtless dates from one of the frequent Spanish invasions of centuries ago when Italy was the battlefield for the world.

Like Generals Foch and Petain, General Diaz began his career as an artillery officer. He was educated at the famous Military Academy of Turin and was graduated as a second Lieutenant of artillery, in which branch of the service he remained until he was made a Captain. But there is in Italy a still higher education for army officers known as the School of War for which sixty pupils are selected every year from the entire army. General Diaz was one of these sixty and year after year was among the few chosen to serve on the General Staff.

In remembrance with the General Staff practically throughout his career except when reestablishing contact with the troops, he served as commander of a battalion of infantry and later of a regiment. On the General Staff he was for a long time head of the "Personnel Office". It was there that

**CONVINCING TESTIMONY**  
Given By Many Maysville People.

Experiences told by Maysville people. Those who have had weak kidneys—

Who used Doan's Kidney Pills—Who found the remedy effective—Such statements prove merit. You might doubt as utter stranger. You must believe Maysville People. Here's Maysville proof. Verify it. Read. Investigate. Be convinced. And why Maysville folks believe in Doan's.

George H. King, Prop. grocery, 615 E. Second St., says: "I have used Doan's Kidney Pills off and on for several years, getting them at Clanslor's Drug Store and I have been greatly benefited by them. Sometimes my kidneys have been out of order and the kidney secretions have been irregular in passage. I have suffered severely with aches through the small of my back. When I have been in that way, I have used a box or two of Doan's Kidney Pills. They have never failed to cure the attack in great order."

Mr. King is only one of many Maysville people who have gratefully endorsed Doan's Kidney Pills. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for DOAN'S KIDNEY PILLS, the same that Mr. King had—the remedy backed by home testimony. 50 cents at all stores. Post-Trade Co., Props., Buffalo, N. Y. "When Your Back is Lame—Remember the Name."

he called into play much of the tact and impartiality which are still two of his distinguishing traits.

**Won Renown in Libyan**

During the Libyan Campaign he served in the field as Colonel of the 55th Regiment of Infantry. It was the Battle of Zanzur (June 8th, 1912) that he proved his quality as a commander of sharp decision. The main Italian positions had been assailed by the Fanatical Arabs in six successive waves and the troops were in imminent danger of giving way. It was then that Colonel Diaz, posted on the left flank of the enemy, delivered an impetuous bayonet charge upon the right flank of the enemy, throwing him into confusion and carrying the day for the Italians. Colonel Diaz was also present at the second battle of Zanzur. It was these two great actions, the most important of the Libyan war, that decided the issue and after the second victory peace was signed by Turkey within a month.

At the beginning of the present war General Diaz was head of the Office of Operations at the Supreme Command. He showed himself such an excellent organizer with so much directing genius that he was naturally in line for the chief command when the disaster in the mountains necessitated a change of leaders.

**Fought Way Across the Carso**

Before this however he held command of the Eighteenth Army Corps of the Third Army, including the famous Brigade of Grenadier-Guards and the Liria Brigade, which so distinguished themselves on the Carso. The Carso is a high and desolate plateau between Gorizia and the Adriatic Sea. By the middle of last summer the Italians under General Diaz had forced their lines half way across it in the direction of Trieste. The fighting became very fierce at the little village of Solo and at the Dosso Fatti, a strong position which formed a bastion for the Austrian right flank. But Diaz' men in repeated and ferocious drives took both places. They were holding them when the defection of a part of the Second Army far to the north of the more distant retreat of the whole line right back and down to the plains of Venetia.

General Diaz is described as extremely likable by all who know him. He is somewhat under medium height and rather dark, with black hair and cropped mustache now turning to gray. He is a constant smoker but his manner strikes the observer as calm and even contemplative except when he is issuing orders when he becomes most incisive and direct. However, he is not a great talker and is known as a man of few words and those concise and apt. His brain seems to be both analytic and synthetic, for he not only knows how to plan with the greatest elaboration but has the faculty of getting his orders executed at once and down to the last detail. Like Generalissimo Foch he believes firmly in the offensive and holds that no army which is not aggressive at the right moment can hope to win.

Since the Battle of the Piave General Diaz has already been advanced seven numbers. However it is almost certain that he will be raised from Lieutenant General to the position of "Generale d'Esercito." There are at present only two men in Italy holding that rank. One is the King and the other is General Canova who commanded the Italian armies during the Libyan war.

**SO SAY WE ALL OF US**

"I believe the United States to be a country which is a fine model of the rule of the people, and that it has vindicated that rule by results."

"I believe the cause of the United States and the Allies is a just one and makes for righteousness."

"I believe the Kaiser and the Potsdam gang cannot make a treaty we have any right to respect."

"I believe we do not discharge our duty to ourselves and the world until we fight the war through to victory over the Kaiser and the Potsdam gang and the German Government as it is at present constituted."

"I believe all our energies for the next three years should be devoted to raising an army of 5,000,000 men with proper equipment and to building ships to land them in France to fight this war, and I believe we shall win."

—Anonymous.

**ANNOUNCEMENTS**

W. J. Fields is a candidate for the Democratic nomination for Congress from this, the Ninth Kentucky District, at the primary election to be held Saturday, August 3, 1918.

Arter de wise of old spit on do butt he say, sez ee—"I gwine ter sprize you all wid a mess er fishes 'cause you all mus' save de meat on eat sampla' else insid on jes git out dat of game bag en make it work, too," sez ee. Den he kitch a big fish and say, sez ee, "t-hoot—t-hoot—t-hoot—t-hoot," sez ee. "You he say dat he means dat when you all make riz biscuits jes don't make 'em—use corn meal ter save wheat flour for de sojers."

**YESTERDAY AND TODAY**

Yesterday the wrist watch was the fad of slaves and today it is the necessity of soldiers going into battle. Yesterday Uncle Sam was smashing the railroads into small units and today he is preparing to operate them as the largest trust in the world.

Yesterday it was fashionable to see how much you could waste and then indirectly brag about "the things one really and truly must have to get on with," while today multi-billionaires are eating corn bread.

Yesterday all the blatheskiets pointed to big business such as Bethlehem Steel and Baldwin as a public menace, but today we hail them as saviors of our country.

Yesterday hundreds of men I know or know about were earning with their brains tens of thousands of dollars for themselves every year, whereas today they are toiling for Uncle Sam at two cents a week.

Yesterday it was the fashion for the vast majority of people to spend every cent they earned, but today 10,000,000 people own Liberty bonds—mostly paid for out of savings.

Yesterday a girl paying-teller in a bank would have caused a mild riot, but today women are in the bank, breaking stones on the railroads, conducting trolley cars, making big shells for our troops, running elevators in office buildings and playing messenger boy.

Yesterday we put more money in alcohol twice over than we put in all public education, as men, and a few women, too, couldn't seem to live without John Barleycorn, and yet today our liquor bill has been cut in two without a major surgical operation.

You never can tell. By tomorrow we may have made sufficient progress to be able to dine without the din of a brass band on our elbows.

**SOLDIERS AND SAILORS IN UNIFORM ADMITTED FREE TO MOUNT VERNON**

The Mount Vernon Ladies' Association, known as the oldest patriotic organization in the country, recently held its fifty-second annual council, at which 29 States were represented. On account of the proximity of a number of important military camps to Mount Vernon, the council decided to extend certain privileges and opportunities to the men in the service. Invitations were extended last December by the regent of the association to the commanding officers of the near-by camps, who were asked to take companies of soldiers to Mount Vernon as guests of the association, and it was decided at the last council meeting to admit free all soldiers and sailors in uniform, and to extend the same courtesies to soldiers in the uniforms of our allies.

The grounds will be open to soldiers and sailors under command of an officer for two hours on Sunday afternoons during the summer. The usual hours for visitors were lengthened, so that the ground and house will hereafter be open from 9:30 to 6 on every week day, except Saturday, when the gates will not be closed until 8 p. m.

**URGE PUBLIC SCHOOLS TO TEACH SALESMANSHIP**

In several parts of the country the public schools are being urged by the business men of the cities to add a class in salesmanship to their business course and it has been tried out with much success. The addition of a class in salesmanship would greatly add to the splendid business course in the Maysville High School.

### RYHME MADE OF NAMES OF SIGNERS

Colonel Ben Laliree, Descendant of Member of Liberty Bell Sets Name of Declaration Signers to Rhyme.

(Louisville Courier-Journal)

Col. Ben La firee, a great-great-grandson of Charles Stow, who was one of the two men who cast the Liberty Bell, has written in rhyme the names of the fifty-six signers of the Declaration of Independence. The rhymes are dedicated to the children of the United States, as Col. La firee believes the young folk will find this method of learning history an easy one. The famous ancestor of Col. La firee was also doorkeeper of the Provisional Assembly at the time the bell was cast. Pass and Stow received for their labor sixty pounds of shillings five pence and—immortality.

Appos of the rhymes giving the names of the signers of the Declaration of Independence, Col. La firee calls attention to the fact that the longevity was remarkable, as three lived to be over 90 years of age, ten to be over 70, fourteen over 60, eleven were over 50 when they died, six were over 44. One singer, Mr. Lynch, lost his life by accidental drowning at sea when he was thirty years of age. There were men of many vocations who signed the famous document, including twenty-four lawyers, fourteen agriculturists, four physicians, one minister and three who were preparing for the ministry, but whose other professions, one manufacturer and nine merchants.

Col. La firee's verses follow:

The Massachusetts delegation That signed our glorious Declaration Were Hancock, Gerry, Robert Paine, The agent John Adams, and again Another Adams, Samuel by name.

New Hampshire, called the "Granite State," Sent Whipple, Bartlett, Thornton, great Alike in counsel and debate.

Rhode Island's delegates, we see, Were Stephen Hopkins and Elery.

Connecticut, excelled by none, Sent Sherman and Williams With Wolcott and Huntington.

New York as delegates employed Lewis Morris and William Floyd, With Francis Lewis and Livingston, Who died before the war was done.

New Jersey to the Congress sent Her honored college president, John Witherspoon, with Stockton, Clark.

Though Pennsylvania need not blush, For Morris, Morton, Wilson and Rush, And though most men might seem as dross To Clymer, Taylor, Smith and Ross, To Franklin each his tribute brings, Who neither lightning feared, nor kings.

The men from Delaware—indeed As true as steel in utmost need—Wers Rodney, with McKean and Read.

"My Maryland" is proud to own Her Carroll, Pease, Chase and Stone.

On old Virginia's roll we see The gifted Richard Henry Lee; And just as earnest to be free, His brother, Francis Lightfoot Lee; And Wythe and Nelson, patriots true, With Harrison and Braxton, too; But of them all there was not one As great as Thomas Jefferson.

**INVESTIGATE EGG SALES**

The Cincinnati Enquirer says: Investigation of charge that Frank G. Day, of Frank G. Day & Co., commission merchants, 4 Walnut street, has violated the Federal food regulations in two instances will be made today by the Hamilton County Food Administration Committee at a special session in the Gwynne Building. Day, it is alleged, has sold eggs without candle slips and has sold them on the cash count basis instead of eliminating imperfect eggs.

Everybody is for good roads the same as we are for good air and good health, but for the man that is really for roads is for the 20c Road Tax.

### THE WHEATLESS LOAF OF BREAD IS FOUND

Specialists of the United States Department of Agriculture and the United States Food Administration Make a 100 Per Cent Wheat Substitute Bread.

Washington—The wheatless loaf has been found. While the whole country has been seeking the 100 per cent wheat substitute yeast bread, a recipe has been developed in the experimental kitchen of the United States Department of Agriculture and the United States Food Administration that may mean the saving of thousands of pounds of wheat flour before flour from the next wheat harvest is available.

The recipe is soon to be published by the Office of Home Economics, United States Department of Agriculture, on a new food card which carries directions for making three new wheat substitute breads—the half loaf the one-fourth wheat loaf and the wheatless loaf.

The directions for making the wheatless bread are as follows:

**A LOAF OF BREAD USING NO WHEAT FLOUR**

All of These  
1. 11 cups liquid.  
1 tablespoon corn sirup.  
1 cake yeast.  
2 teaspoons salt.  
1 whole egg.

With One of These  
2. 3½ cups barley.  
2½ cups ground rolled oats.

One of These  
3. 2½ cups corn flour.  
2½ cups rice flour.  
2½ cups sweet potato flour.  
2½ cups (scant) tapioca flour.

Make a sponge of materials under 1 (except egg) and ½ of ingredients used from 2 and 3. Sponge should stand in warm place until very light, at least two hours. Work in balance of substitute mixture when sponge is light. Work in egg beaten slightly. Shape into loaf. Place in pan. Brush top of loaf with melted fat. Let rise to double bulk and bake in loaf pan in hot oven for one hour.

Mr. and Mrs. J. H. McCormick, of East Second street, have returned from a trip to Portsmouth, Ohio, and have gone to their farm in Fleming county for a short stay.

Why can't we skip the argumentative and education periods and build and maintain roads now.

### VAUGHT-CALVERT

Miss Adelyn Mae Vaught becomes Bride of Herman Lysle Calvert.

Local friends have received the following announcement:

Mrs. Mary Vaught announces the marriage of her daughter Adelyn Mae to

Mr. Herman Lysle Calvert Saturday, July the sixth one thousand nine hundred and eighteen Lexington, Kentucky

At Home After July the fifteenth Winston-Salem, N. C.

The bride is a beautiful and accomplished young lady well known throughout this section where she has visited several times.

The groom is the son of Mrs. Elizabeth Calvert, of West Third street, this city, and is a splendid young gentleman, popular among a host of friends. At present he is employed by the J. P. Taylor Tobacco Company at Winston-Salem, N. C., where the happy young couple will make their future home.

Their many local friends join the Ledger in extending hearty congratulations.

### YESTERDAY'S RESULTS

National League Boston, 5; Pittsburgh, 0 Philadelphia, 3; Cincinnati, 4 New York, 3-3; Chicago, 7-1.

American League Chicago, 5; New York, 6 Detroit, 9; Philadelphia, 16 Cleveland, 0-4; Boston, 1-3. No others scheduled.

### NEARBY TOWNS HAVE CHATTAP-QUIA

Several of our neighboring towns have arranged for Chantiquas during the next few weeks and several of these programs have very special features which will likely be attended by many people from Maysville and Mason county. Our neighbors attended the Maysville Chantiqua in goodly numbers and many parties of local people are being planned to attend their meetings.

Mrs. Lucilla Hampton and daughter, Mildred Thomas, of Cincinnati, have been visiting relatives and friends. The former returned home but Miss Mildred will spend the summer in this city.

## OLD RESIDENT IS BURIED HERE TODAY

Mrs. Susan Mangan, Ninety Years of Age, Who Died at the Home of Her Daughter in Winchester, Was Buried Here This Morning.

The body of Mrs. Susan Mangan, who twenty years ago was a prominent resident of Maysville, was brought here this morning over the L. & N. from Winchester where she died at the home of a daughter on Sunday and was taken immediately to the Maysville cemetery for burial.

Mrs. Mangan is well remembered in Maysville and has many friends here who were present at the cemetery to pay their last tribute of respect.

Had she lived until the 23rd day of next month she would have been ninety years of age and the greater part of her long and useful life had been spent in Maysville. For the past several years, however, she had been making her home with her children.

Surviving her are three daughters, Mrs. John Edgington and Mrs. Charles Hopper, of Winchester and Mrs. Henry Smart, of this city as well as two sons, Messrs. John and Lewis Mangan, of Cincinnati.

The funeral was held at the grave this morning with services by Dr. J. J. Dickey, pastor of the Second M. E. Church, South.

## GENERAL SAVINKOFF IS CHARGED WITH MURDER

German Newspapers Accuse War Minister in Kerensky Cabinet as Man Behind Von Mirbach Murder.

London, July 8.—The murder of Count von Mirbach has caused great excitement in Germany, the Exchange Telegraph correspondent at Copenhagen reports. All the German newspapers use violent expressions in commenting upon the event, but at the same time are generally in agreement that the Bolshevik government was not connected with the assassination. The Wolff Bureau telegram from Moscow, the Copenhagen dispatch adds, declares the social revolutionists admitted they were concerned in the plot to assassinate the ambassador.

German newspapers are now pointing to General Savinkoff, who was war minister in the Kerensky cabinet, as the man behind the Von Mirbach plot which is being gradually developed by the Teuton press into a great anti-German movement, backed by all those men whom Germany found to be hindrances in her plans of aggression in Russia. A Moscow telegram circulated by the Wolff Bureau of Berlin says:

"Savinkoff is considered to be responsible for the deed. He is, moreover, said to be closely connected with the Czech-Slovak and social revolutionary movements. His whereabouts are unknown."

Mr. Charles Brown of Dayton, Ohio, after an absence of seven years spent the Fourth of July with his parents, Mr. and Mrs. Dan Brown. Charlie found many changes in his home town.

Mr. W. W. Thoroughman, of Forest avenue, who is engaged in war work at Charleston, W. Va., spent Sunday and Monday with his family here.

Mr. Jake Helmer and daughter, Jeanette, of Brookville, Ind., arrived Sunday for a visit with his mother and sisters of Fourth street.

Mr. William Newell, of Dayton, O., is visiting his brother, Chief Ruffell Newell and other relatives and friends.

## MIKE BROWN'S STORE ROBBED SUNDAY NIGHT

For the Second Time in Past Month Robbers Enter and Rob Big Department and Auto Store—Police Follow Up all Clues.

It was learned yesterday morning upon opening the big Mike Brown store on Square Deal Square, that thieves had entered the store during Sunday night had taken \$12.25 in money from the cash drawer. Whether or any of the merchandise had been taken or not will not be known until an inventory is taken.

Mr. Brown was in the store on Sunday afternoon and he is positive that the robbery was committed some time during Sunday night and probably before or shortly after the robbery at the Wells Restaurant. The officers are of the opinion that the man who robbed the restaurant also robbed the department store.

Entrance to the building was gained from the rear through a window and no trace was left of how the robber left the building. His tracks were well covered up and left nothing upon which the police might build a clue.

The Brown store was robbed in the same manner on a Sunday night some three weeks ago and Mr. Brown is of the opinion that the same man came back the second time.

The police have the matter in hand and they are working on the robberies at Bauer & Klipp's, Wells Restaurant and the Mike Brown store together for they believe that one has some bearing on the other two.

This wave of small robberies has been sweeping over Maysville for the past month and the police are determined to run these to the ground in order to break up the petty thievery which it develops into something serious. Every clue the police have on the two robberies reported to them Sunday night will be run to the ground and the Brown robbery which was not reported to the police until yesterday afternoon will be investigated thoroughly.

Arrests in the robbery cases are to be expected in a short time.

### RESIDENCE ENTERED

Residence of George Dale in West Third Street Entered but Nothing Is Missing.

It was discovered yesterday afternoon that some one had entered the home of George Dale in West Third street between Saturday and Monday but nothing was missing. Clothing was thrown about the house and a davenport was upset in the floor.

The world-be thieves had entered the house through a rear window but left no clue upon which the police might work. They were evidently looking for money as nothing was taken and there was no money in the house at the time.

Mr. and Mrs. Dale had been away from home since Saturday and just when the house was entered is not known as it was not discovered that the visitors had been there until the family returned yesterday afternoon.

### PENNIES MISSING

Supposed That Boys Robbing Bauer & Klipp's Store Also Entered Navarre Cafe.

It developed Monday that very likely the boys who are supposed to have robbed Bauer & Klipp Store also entered the Navarre Cafe and stole from one of the show cases a number of pennies which are kept in a small box there for change at the cigar counter. A back window at the Cafe is kept open and the boys who climbed on back sheds to gain an entrance into the Bauer & Klipp Store could have easily climbed through this window into the Cafe. The pennies are all that is missing in the Cafe and no trace of the robbers has been left.

All of the robberies reported from Sunday it appears that the thief or thieves were only looking for cash and passed up all merchandise.

### SMALL NEGRO BOY TO BE TRIED TODAY

George Tipton, the small negro boy charged with robbing the Harrison grocery store on East Fourth street, will be taken before Juvenile Judge H. P. Purnell this morning for an examination. Young Tipton has already a Juvenile Court record and it is more than likely that this time his punishment will be severe.

### WANTED—SCRAP IRON FOR GOVERNMENT ORDERS

Sam Middleton, Maysville's junk dealer, Front street, has signed another contract for five hundred tons of scrap iron. He will pay 90 cents per hundred, delivered, for all grades, premium subject of more to grade and quantity. Also is interested in scrap rubber, metal and especially rags.

## PERMANENT ORGANIZATION FOR WAR WORK

Is Being Used By Kansas City Chamber of Commerce and Is Suggested For Maysville and Mason County.

Most every day some new plan or idea is advanced to help win the war. The following block by block canvassing plan is being successfully used by the Kansas City Chamber of Commerce and it is recommended to the thinking men and women of Mason county.

"The Chamber of Commerce of this city has found that the work incident to the successful conduct of war campaigns is greatly minimized by the block-by-block plan of canvassing which the Chamber of Commerce is now using. The work is done by the masses instead of by a comparative few of the business professional and business men and the entire city of about 100,000 population can be canvassed in one or two days even more completely than was possible under the old system which required from one to two weeks.

"The block-by-block organization is not greatly unlike that of a well planned political organization. The city is separated into three divisions each division into three or four sections, each section into groups and each group into from six to a dozen blocks. Those in charge of the divisions are called majors. The major appoint section captains the captains appoint group lieutenants and the lieutenants name the block sergeants. To those ranking above the sergeants is assigned the work of organizing the campaign, and to the sergeants is assigned the work of canvassing each resident in the blocks of which they have charge. All the workers are supplied with badges.

"The organization differs from that of a political body in that each group of blocks includes parts of at least three precincts. By disregarding precinct boundaries the organization cannot be accused of being used for politics or by politicians.

"On the day designated each sergeant visits every home in the block to which he is assigned. With the work in the hands of 1,600 workers one man to each block the canvassing required only a few hours and the burden is lifted from the shoulders of the few individuals who are usually responsible for the success of such undertakings. Campaigns participated in by only 250 persons require a week's time in addition to the week which it takes to organize the movement.

"The Chamber of Commerce formed this organization by first sending out an appeal for volunteers to help conduct war campaigns, and then mailed return cards to those who responded favorably asking them to send in the names and addresses of others who they believed would be willing to give their services for such work. The officers of the Chamber of Commerce are confident that all the war work activities hereafter undertaken by the Chamber of Commerce will be conducted more quickly and successfully by this method than ever before, the statement is justified in the light of the Chamber's experience with such campaigns in the past, even those which were conducted by the old method, which have all gone 'over the top.'

Judge A. M. J. Cochran has one of the largest and best kept war gardens in the city in his back yard.

## CAMPAIGN FOR GIRLS' HOME CLOSING TOMORROW

Workers are Asked to Make Final Reports Here Wednesday—Pledge Taken to Contribute to Worthy Cause.

All persons in Maysville and Mason county who are soliciting contributions to the Vocational Training School for Delinquent Girls are requested to complete their canvasses and leave their collections at Mr. Stanley F. Reed's office on Court street by Wednesday, July 10.

Those who have not made contributions but who wish to contribute may also leave their contributions with Miss Mary Newell in Mr. Reed's office.

We can afford to contribute liberally for this cause since the Federal Government will give a dollar for every dollar raised in the state. So long as there is a military training camp in the state the institution will be under joint State and Federal control. When the training camp is removed from the state, the institution becomes the absolute property of the state.

To the state the institution is a means of preventing the depths of human degradation, of the possible rehabilitation of character, and of converting by vocational training economic liabilities into economic assets. It is also a means of preventing the spread of loathsome disease.

To the Federal Government these institutions, to be established in every state having military camps, are a War Emergency Measure for curbing the spread of dishonorable diseases that cause more loss of time to the army than wounds received in battle and require for treatment hospital space, the time of physicians and nurses and costly medicines.

When you help build these Detention Home Schools, you help the cause of human uplift and in a very vital sense help win the war by helping to keep the soldiers fit to fight.
